## Joe Suresh Engineering College

Joe Suresh Engineering College (JSEC) is an engineering college from the group of JS Colleges. Located in the Tirunelveli-Nagercoil Highway NH7 amidst the scenic hills of Mundradaippu village in Tirunelveli District, Tamil Nadu, India, this college was established in the year 2001 by Dr.S.A.Raja, a pioneer and leader in the field of education in Southern India. Dr.S.A.Raja founded his first engineering educational institution in 1984 in his native village Vadakkangulam. He went on to establish more than 27 institutions of higher education since then. Joe Suresh Engineering College is an approved educational institution under ALL INDIA COUNCIL FOR TECHNICAL EDUCATION (AICTE) vide F.No.732-52379(E) dated 02.07.2001 and is affiliated to Anna University.

Dr.Joe Suresh, daughter of Dr.S.A. Raja and a doctor by profession took over the management of the college in the year 2008. Initially the college had

three undergraduate departments and a total number of 200 students. Under the dynamic leadership of Dr.Joe Suresh, the college was able to start two more undergraduate courses in the year 2010. By the grace of God,

two more post graduate courses were added in the year 2010 by which the college was upgraded from an undergraduate institution to a post graduate institution.

Through this notable change, the college was able to benefit its students by placing a well qualified faculty. In addition to this development, the college infrastructure facilities, workshops, labs, library and integrated Wi-Fi facility were upgraded to match the world class educational institutions. In the year 2011, two more ME programs such as VLSI design and communication system and two BE programs such as Electrical and Electronics Engineering and Electronics and Instrumentation Engineering are being added.(subject to AICTE approval)

### Faith + Work = Success

Joe Suresh Engineering College is continuously striving to improve its standards to reach the next level by conducting placement programs and National Conference Symposiums. Students from Joe Suresh Engineering College are able to learn through innovation. The institution has committed itself to partner with every student to bring out his/her full potential. The management of the college is endlessly striving to attain excellence in education and training in consonance with its motto which reads, 'Faith + Work = Success'.
