JS Kirupa CBSE School

JS Colleges is starting JS Kirupa CBSE School on campus in 2011-12. The school will offer LKG to 2nd Standard. The management is working towards creating a learning environment designed to stimulate learning and development of young children from 3 to 17 years of age. The school is introducing an innovative program in early childhood education. JS Colleges value the uniqueness of each individual as a gift and give him/her opportunities to learn, to respect and to be enriched by the similarities and differences within our socio-cultural context.

A New Direction in Education

The primary goal of JS Kirupa CBSE School is to provide a richly and carefully resourced learning environment designed to stimulate learning and development of young children from 3 years to 17 years of age.

The school will provide a new direction in early childhood education by focusing on inquiry-based learning. Young children are respected as competent thinkers and communicators who are offered many opportunities to engage with a range of materials and resources to extend and challenge their thinking. The curriculum invites children to hypothesize, theorize, predict, problem-solve, construct and document their developing understandings of the world in which they live.

Curriculum

Our curriculum recognizes the benefits of providing a learning environment that promotes continuous positive development of social, cognitive, emotional, physical, and creative strengths.

LKG and UKG - Montessori method

1st and 2nd Standards - To follow the syllabus prescribed by the National Council of Educational Research & Training (NCERT: <http://www.ncert.nic.in>) for the elementary school to prepare the students to pursue CBSE from 6th standard onwards.

We will offer a program of learning that supports young children to:

- ▶ Build in-depth Knowledge
- ▶ Become critical thinkers
- ▶ Develop positive and affirmative relationships within the school community
- ▶ Construct understandings through sharing experiences and knowledge
- ▶ Develop the confidence to acquire and nourish a lifelong love and predisposition to learn
- ▶ Develop a belief in oneself that leads to respect, responsibility, cooperation and leadership
- ▶ Learn through a curriculum that is dynamic and balanced in literacy, numeracy, science and social competencies

Our class rooms will be filled with music, art, literature and diverse cultural activities.

The Facilities

- ▶ International Standards + Top academic excellence
- ▶ Affordable fees
- ▶ High end infrastructure facilities
- ▶ Well qualified faculty
- ▶ Independent learning skills
- ▶ Environment to encourage creativity
- ▶ Secure and friendly atmosphere
- ▶ Special attention to extracurricular activities
- ▶ Promoting interschool competitions
